BACKGROUND

The Paso del Norte Health Foundation (Health Foundation) leads, leverages and invests in initiatives, programs and policies to promote health and prevent disease in the Paso del Norte region.

The Health Foundation strives to communicate effectively with grantees, stakeholders and the general public. The Health Foundation has developed a brand and accompanying imagery to represent our mission and work. The Health Foundation has further developed logos for each of our Initiatives.

This document contains guidelines to help our partners (backbone organizations and grantees) meet the graphic and communications standards established by the Health Foundation and agreed upon in the Memorandum of Agreement (MOA) to ensure clear and consistent communications, graphic representation and brand cohesion related to the Health Foundation and Initiatives. All graphic and communications collateral created by our partners must follow the standards outlined in this manual. This would include, but not be limited to, video production, promotional material, social media, printed artwork associated with grant awards, press releases, commercial spots and other advertising.

Any deviation from or exceptions to the graphics or communications standards must be approved by the Lead Program Officer for the associated Initiative. Please allow at least five business days for review and approval of material.

Program Officers are happy to help answer any questions or provide guidance or feedback on graphics or communications.

PRIORITY AREAS & INITIATIVES

The Health Foundation presently focuses its work in five priority areas. Each of these includes one or more Initiatives designed to promote health and prevent disease in the region.

Each Initiative has a unique visual identity to support the Initiative goals and objectives. Each logo design includes the Initiative mark, Paso del Norte Health Foundation name and Initiative name. Backbone organizations and grantees must use the appropriate Initiative logo when communicating about a funded program. **Backbone organizations and grantees may not use the Paso del Norte Health Foundation's organizational logo unless explicitly approved by the Lead Program Officer.**
